## Help Us Expand Our Business

### Greetings from the Smokehouse...

2012 was a successful year for us. Our gourmet smoked seafood products have been introduced to thousands of people throughout Cape Cod and eastern Massachusetts by selling at wholesale to specialty stores and supermarket chains.

Our experiences have shown that market acceptance of our products provide us a unique niche in the food industry. We believe there is a tremendous opportunity to expand sales of our proven products and grow our business to the next level.

We are poised to offer our gourmet smoked seafood products to:

- Schools, through the Massachusetts Farm-to-School program
- Food service companies (e.g. Sysco)
- Local supermarket chains or specialty retailers in convenient locations throughout New England

Our challenge is to raise operating capital to support the necessary expansion of our production capacity and sales/marketing efforts. We are reaching out to our loyal customers with an opportunity to share our successes by investing in our future.

You are invited to join us at the Smokehouse for **facts** and **food** at our **Open House**, Wednesday, January 30 through Friday, February 1 from **2pm to 7pm**.

**We look forward to seeing you!**
